

# Machin Messenger

Serving Minnitaki, Eagle River, Vermilion Bay

And surrounding area

JUNE

## Municipal Notes

### COUNCIL NEWS

It seems our winter has finally come to an end. However with that has come a fast snow melt accompanied by heavy amounts of rain. Our Public Works crew has been doing everything they can to manage road washouts and plugged culverts; for that we would like to thank them. A silver lining from this weather is our Berglund Rd flood mitigation project has been successful. Prior to the project, Berglund Rd was susceptible to wash outs from weather like we have been experiencing in the month of May. After increased ditching and the replacement of new culverts in strategic locations the road has avoided being washed out like it has in the past.

Mayor Griffiths and our Clerk Treasurer Tammy Rob have been sitting in on daily meetings with the City of Dryden, Domtar, Ministry of Northern Development, Mines, Natural Resources and Forestry, Ministry of Transportation, and Regional Power to discuss current flooding issues. These meetings help all partners involved stay informed and manage infrastructure that is affected from the result of the extreme weather we've been having.

The short section from Townline Road to the Cascade Bridge was planned to be budgeted for a significant rebuild this summer. However, to be able to maintain the 2022 Municipal budget increase to a maximum of 2%, the rebuild will need to be deferred. We are currently planning to apply for funding available under the Northern Ontario Resource Development Support Fund. Council is sorry for not being able to action this project sooner, however there are many priorities to consider in balancing a yearly budget. The Public Works Department will continue to maintain this section of road as part of their regular road program.

Lastly, Mayor and Council would like to thank the Machin Spring Clean-Up Organizers, Machin Volunteer Fire Department, and all of the volunteers who helped make it a successful day. Volunteer support is extremely important to our small Municipality and we appreciate all the help we receive.

### Economic Development:

I'm happy to say we have a date finalized for the

launch of our new website; June 8<sup>th</sup>. We're very excited to have the website finally completed; offering a more user-friendly experience the website will be a lot easier to navigate and more visually appealing for all users. On June 8<sup>th</sup> please also look on our municipal Facebook page for the promotional video we filmed in July of 2021. We're hoping to have the video shared as many times as possible to gain a large number of views; by doing this we are able to market each business in the video as well as our public attractions.

In the month of May we began working with BDO Canada to improve our municipal operating efficiencies. The work currently being done relates back to the Municipal Modernization Program Report that was completed by BDO in 2020. This report was initially done to identify any service gaps or efficiency opportunities the Municipality can capitalize/improve on. A member from BDO visited the municipal office in May to interview staff and will use the information gathered from these interviews to advise the Municipality on the next steps in the "modernization" process. The provincial government will be funding 75% of the incurred costs for these services as a result of the Municipal Modernization Program Intake 3.

We will continue to apply for funding opportunities as we see fit; there are still funding applications that are awaiting a decision from the provincial/federal government and we will update the public when we can. Gathering outside assistance will be critical for our many projects moving forward.

Max Nagy, EDO

### Adopt-A-Planter:

The Revitalization Committee is still asking for members of the public to volunteer their help in the upkeep of our public planters. We'd like to point out that volunteers will only be responsible for watering the planter and not the purchase of any flowers for that planter. If you're able to help, please reach out to [economicdevelopment@visitmachin.com](mailto:economicdevelopment@visitmachin.com).

### Adopt-A-Trail:

Our beautiful trails that belong to Pine Tree Pathways have been supported and maintained by dedicated volunteers for the past 20 years. Unfortunately, as our appreciated volunteers get older, we are asking for more help to maintain and keep our trails in the beautiful condition they have always been.

### MESSENGER DEADLINE

Submissions for the **Machin Messenger** must now be in by the **LAST WEDNESDAY** of the month, by noon. Since the Messenger is published on the first Thursday of the month, the deadline will change if the 1st is on Thursday. We will put reminders in the month before. **The deadline for the July Messenger will be Wednesday June 29th.** Send your submissions to [pilmar@sympatico.ca](mailto:pilmar@sympatico.ca), subject line "Machin Messenger". Ads will need to be pre-paid prior to insertion in the Messenger.

### Municipal Notes cont'd

Any interested volunteers, please reach out to our EDO Max Nagy, by phone at 905-932-3339 or e-mail at [economicdevelopment@visitmachin.com](mailto:economicdevelopment@visitmachin.com). Volunteers can select the trail they would like to help maintain, along with others, each individual will be able to work on their free time to aid in the preservation of our trails.

#### Public Works:

Public Works would like to welcome our summer workers Cole and Kyle back to our crew this year. With their help we will be able to get caught up on the maintenance of our infrastructure. We would like to caution the public on using the government dock due to the high-water level on Eagle Lake. If you do decide to use the government dock, please be careful and use at your own risk.

### MESSENGER ADS

If you wish to advertise in the **Machin Messenger**, please call the Municipal Offices at 227-2633 to find out the charge for your ad. Ads will need to be pre-paid.

### Thumbs up 👍 🇵🇪 Thumbs down

Thumbs up 👍 to the person/s who have started clearing trees off Pine Tree Pathways trails. thank you—it is greatly appreciated!

Machin Council would like to congratulate

Ken Hatfield

on the fifth anniversary

of his employment with the Municipality.

Your dedication is appreciated!

For Bear Sightings call:

only dial 911 if it is an absolute emergency.

**HAPPY  
FATHER'S  
Day!**

**To all Dads have a great day**

**on June 19**

### **\*\*Remember\*\***

Fires can only be ignited 2 hours  
before sunset, or later and must  
be extinguished 2 hours after  
sunrise, or earlier.

**If it is windy, don't burn!**

### Safe Camping Tips:

Arrive at campsite in daylight so that you are able to check the site for any hazards.

Keep the campsite tidy to avoid accidents.

When using an extension cord, ensure that it is in good condition, suitable to handle the load placed upon it, and that the outlets are protected from moisture.

When using propane appliances or heater, never use inside a tent or other enclosed space. Without adequate venting, propane appliances can rapidly produce dangerous levels of carbon monoxide (CO).

#### **When using an RV or camper:**

Have a certified contractor inspect and maintain the propane equipment annually.

Use only approved appliances and equipment that have been installed by a registered technician.

Install smoke alarms and CO alarms as well as a propane leak alarm.

Before driving, turn off all propane-powered appliances and the propane tank.

Use only designated spaces outside the RV for storage and transportation of gas cylinders, relief valves, regulating equipment, flammables, etc.

Before using propane stoves and heaters, ensure that they are properly connected, as connections may loosen during travel.

Never block the escape routes, so that everyone has a clear path to quickly evacuate in the case of an emergency.

Never block the combustion exhaust vent.

When using the stove, open the overhead vent or turn on the exhaust fan and open a window.

Do not use the stove as a heat source.

Store all combustibles well away from the kitchen area.

Before refilling an RV, shut off all interior burners, pilot lights, appliances and automatic ignition switches as well as the motor and all passengers should exit the RV.

Even with the area flooding, the MNR Fire guidelines MUST be followed; failure to do so can result in an out-of-control fire and/or fines. All it takes is one spark for things to go wrong. Burning when it's windy, a carelessly abandoned fire or a fire built without safe clearance can turn a small fire into a dangerous and fast-moving blaze.

#### **Whether having a bonfire or a campfire, enjoy a safe fire by following these safety tips:**

Burning is only permitted from 2 hours before sunset to 2 hours after sunrise.

Never burn when it's windy and watch the wind direction to ensure sparks aren't getting on flammable materials. Put the fire out if wind increases or any wind changes begin to cause concern.

Build the fire on bare rock or sand, in a safe, open area, well away from flammables and other natural combustibles.

Use only paper or kindling to start the fire. If a fire starter is required, sparingly use proper lighting fluid, and wait a few minutes for the vapours to disperse before lighting the fire. Never use flammable liquids of any kind on an open flame.

Keep tools adequate to put out the fire such as water, sand and shovels nearby.

Keep fire to a manageable size and don't let it get out of hand.

Always supervise children and pets around a fire.

Be extra cautious when wearing loose clothing, as it can easily catch fire.

Do not leave the fire unattended. Stay with the fire until there are no glowing embers.

A campfire put out with water is reduced to 50°C (122°F) within 10 minutes of applying the water and reduced to 10°C (50°F) after 8 hrs. **The safest way to extinguish a campfire is with water.**

A campfire left to burn itself out or put out with sand only, can still be 100°C (212°F) eight hours later. The buried coals and embers retain their heat underground like an oven. There is also a risk that the fire may spontaneously re-ignite. The temperature, less than 10 cm (4") below the surface of the sand or dirt can be as high as 300 °C (572°F).

For information on obtaining a smoke/CO alarm, making a home fire escape plan, fire safety, volunteering, or any other questions:

Machin Volunteer Fire and First Response – Facebook or Instagram: @machinfire  
email: machinfire@bellnet.ca or mail: PO Box 249, Vermilion Bay, ON P0V 2V0

After two years missed with the pandemic it was once again exciting to see volunteers out on Saturday May 14<sup>th</sup> cleaning roads within our Machin community. It was a great effort and accomplishment, thank you everyone. For safety reasons no cleaning was carried out on Highway 17, or Highway 647 (Blue Lake Road) and Cascade Road being significant detour routes.

We would also like to thank Council and Municipal Staff for their support in making this year's Clean-Up For Green-Up event a success. Thank you as well to the Machin Volunteer Fire & First Response Department for opening their Fire Halls in Vermilion Bay and Eagle River and volunteering their time to assist at the signup/bag pickup tables.

We also want to recognize and say thank you to the many residents who throughout the year regularly clean roadways where they live, often on their daily walks.

Everyone who helps in the cleaning of our community should be proud of their efforts in helping to make our community a cleaner, greener place to live and enjoy.

Thank you  
Mike Durocher and Ray Pilkey

### Need a Ride to Dryden?

### Try Out Our Seniors Bus.

This is a Door to Door Service – you do not have to worry about parking or walking. We drop you off right at the door of your medical appointment or essential shopping and return to pick you up.

The cost is **\$10.00 per person** to ride to and from Dryden on Tuesday or Thursday. Should you have mobility issues both getting on and off the bus or shopping and carrying your items, **Should you have mobility issues both getting on and off the bus or shopping and carrying your items, thanks to the Happy Go Lucky Seniors Club they have provided funding for an Assistant to ride on the bus to help with these issues. We welcome Gord Canan as the new assistant.**

Please call the Municipal Office at 227-2633 to book your ride or if you have any questions.

You do not have to be a senior to use this service. Any adult can ride, however seniors do come first for this service.

## PROCLAMATION

**WHEREAS** Operation Smile Canada is a global medical charity providing free, life-changing surgeries and medical care to children born with cleft conditions around the world; and

**WHEREAS** every 3 minutes, a child is born with a cleft condition, and lack of access to safe, effective surgery means that easily treatable conditions like cleft lip and cleft palate can become fatal; and

**WHEREAS** Operation Smile Canada believes every child born with a cleft condition deserves exceptional surgical care; and

**WHEREAS** the **Longest Day of SMILES®** will unite Canadians from coast to coast to coast as they raise awareness and funds; and

**WHEREAS** on June 19, 2022, the citizens of Machin are encouraged to learn more about how to support this worthy cause by visiting [www.longestdayofsmiles.ca](http://www.longestdayofsmiles.ca); and

**WHEREAS** our community can help celebrate the **Longest Day of SMILES®** by posting #longestdayofsmiles on social media.

**NOW THEREFORE**, I, Gord Griffiths, Mayor of the Municipality of Machin, DO HEREBY PROCLAIM **June 19, 2022** as the

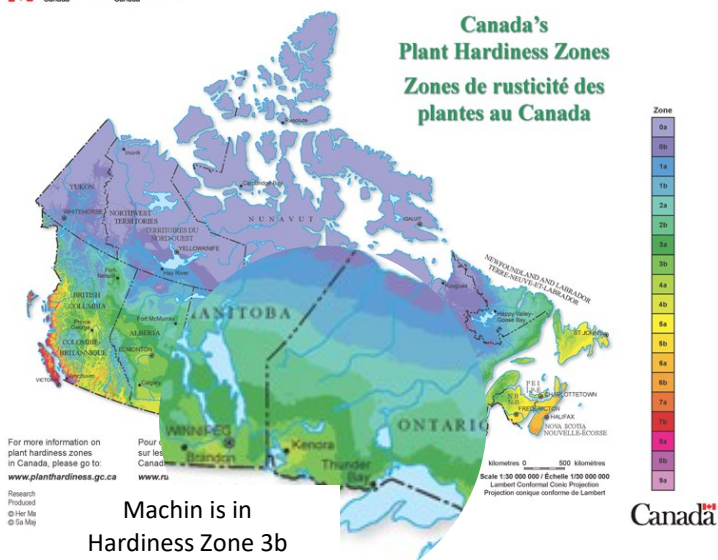

**“LONGEST DAY OF SMILES®”**

Dated at Municipality of Machin this April 11<sup>th</sup>, 2022.

## COMPANION PLANTING

Certain vegetables grow better when planted with particular neighbours. Here are some traditional friends for mixed or companion-planting schemes.

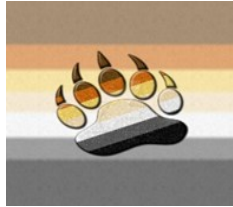

Asparagus	Leeks, parsley, peas, tomatoes
Broad beans	Lettuces, parsnips, potatoes
Cabbages	Beetroot, celery, cucumbers, green beans, lettuce, parsnips, peas, potatoes, tomatoes
Carrots	Green beans, leeks, lettuce, onions, parsnips, peas, radishes
Celery	Beetroot, cabbages, cucumbers, green beans, leeks, peas, potatoes, tomatoes
Cucumbers	Cabbages, celery, green beans, lettuce, peas, sweet corn
Green beans	Cabbages, carrots, celery, cucumbers, leeks, lettuce, peas, potatoes, radishes, sweet corn, tomatoes, zucchinis
Leeks	Asparagus, carrots, celery, green beans, lettuce, onions, tomatoes
Lettuces	Beetroot, broad beans, cabbages, carrots, cucumbers, green beans, leeks, onions, peas, radishes, turnips
Onions	Beetroot, carrots, leeks, lettuce, parsnips, tomatoes, peas, potatoes
Parsley	Asparagus, radishes, tomatoes
Peas	Asparagus, cabbages, carrots, celery, cucumbers, green beans, lettuce, potatoes, radishes, sweet corn, turnips
Potatoes	Broad beans, cabbages, celery, green beans, peas, tomatoes
Spinach	Most vegetables
Sweet corn	Cucumbers, green beans, peas, zucchinis
Tomatoes	Asparagus, cabbages, celery, green beans, leeks, onions, parsley, potatoes, radishes
Zucchini	Green beans, sweet corn

HAPPY PLANTING

### Lillian Berg School

On Thursday, May, 12, the grade 7/8 class went up to our Forest School for a drum birthing ceremony with elders Victor and Romaine. Victor and Romaine taught the class many lessons about drums and their spirits. Students were taught how to open the drum before they use it, how to use it, and all about its spirit and meaning. Then they blessed and cleansed their drums. It was a very interesting and fun experience for everyone there.

Berkley Delorme

Lillian Berg School

The Waldhof Wranglers would like to send a **HUGE THANK YOU** to everyone who donated items to our 2022 Garage Sale Fundraiser.

**THANK YOU** to all the volunteers for helping set up and clean up at the sale.

Last but not least, **THANK YOU** to all the shoppers who came out and purchased items. The Fundraiser could not have happened without all of you.

**THANK YOU** from the bottoms of our hearts and hooves.—Waldhof Wranglers

### Happy Go Lucky Seniors

Hello out there:

Did you know that all aluminum pop and beer cans can help the Happy Go Lucky Seniors and the Machin Fire Department? You can drop them off at either fire hall or at the seniors building in Vermilion Bay. By doing this it keeps them out of the landfill and when the cans are turned in for Cash, the proceeds are split between the Seniors and the Fire Department.

Please help and also save the Dumps.

**Vermilion Bay Lions Club, Dolly Parton's Imagination Library program** will be coming to the Municipality of Machin and surrounding area. This is a free book gifting program devoted to inspiring the love of reading in children. Each month an age-appropriate book will be mailed to registered children ages newborn to 5. "The Imagination Library is an exciting way for the Lions Club's call to action to organize service projects and activities that underscore the importance of reading within their own community.," says Marie Therrien committee leader. "Having books in a child's home fosters a love of learning and sets children up for success when they start school. Jeanne Smitiuch, Regional Director for The Dollywood Foundation of Canada remarked, "We are delighted this partnership will join 325 other communities across Canada inspiring a lifelong love of books to more than 37,000 children each month

Are you and your family experiencing food security issues this month or do you know of someone that is? The Vermilion Bay Lions' Club wants to help with this by providing a **food hamper** to **one** family each month through a random draw. To be entered into this months' draw on June 15th, please send an email with the name of the person or family and their phone number to: [foodhampervbaylions@vermilionbaylions.org](mailto:foodhampervbaylions@vermilionbaylions.org) All names entered will be kept confidential and will only be known by the two Co-chairs of this committee to assign them a ballot for the draw. If you are interested in helping by donating non-perishable food items, please reach out to a Lions member or send us an email to the email address above. Thanks!

**Lion's Medical Equipment**-hospital bed, bathroom equipment, stair climber, walker, motorized wheelchair, lift, etc. Contact **Gary Hutchison at 227-2449** or [garyhutchison@gmail.com](mailto:garyhutchison@gmail.com)

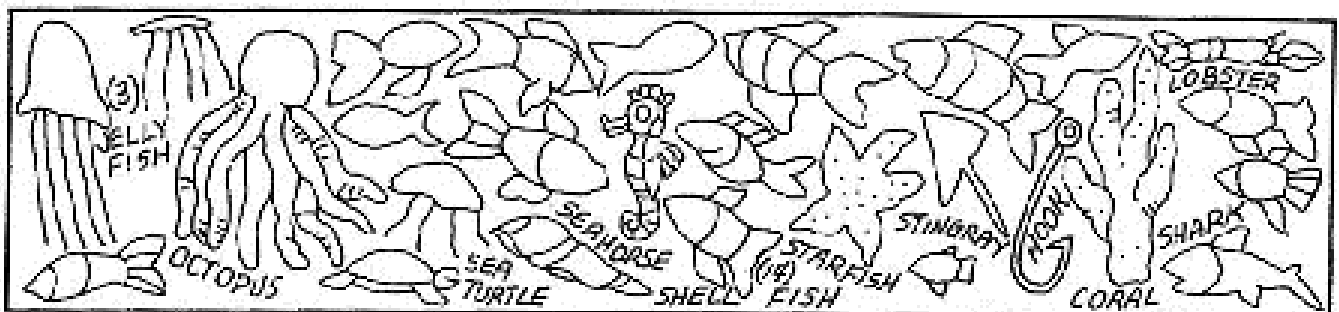

I don't have mange and don't need help!  
I'm just a little scrappy-looking while  
I shed my fluffy winter coat.

Transition times in life can look a bit like this fox in spring... chaotic, disorganized, outsiders may not fully understand, we may not fully understand. It can be a vulnerable time where we carry a lot because we don't know what to prepare for; life could go so many different ways. This fox still has much of his winter coat and fair enough, spring can bring heat one day, snow the next. What is important is what this picture is leading to...a new coat that matches the upcoming environment. In the words of a line from of all things, the show Yellowstone, "Winter is hard; it's supposed to be. This winter is torture." Imagine how hard summer would be for this fox if he didn't shed what was supposed to be for only a season. This was a long, cold winter. We got hearty! Unlike this fox though, we humans have another layer of brilliant! We developed in a way that isn't totally dictated by our environment; partly yes, but not fully. We can take actions, reflect and make changes, that point us in a slightly different direction. Sometimes we're in a place we can do it ourselves, more often than not we need help or need to be the one giving it. Sometimes it's a hard left, sometimes a gradual slow curve, but either way it's a change that we dictate by starting ourselves; by seeking out something new or finally embracing something that was always there; or accepting help/opportunity that comes along. Cheers to slowing down this spring, just for a bit, and taking time to sense what winter and summer both are telling us. And then to taking some action that steers or drifts us closer to where we need or want to be. And to shedding winter coats (literally as well as the thoughts, feelings, habits that may have been carried this winter or for many seasons). Here's to not acting out another winter in the heat of summer, it will only make a hard season out of one that was meant to bring relief and play. If anything, have your waders nearby this spring!

Cheers

Mary
